San Diego, California 92121

To the Omega Group:

I would like to express my gratitude to the wonderful people at ***The Omega Group*** for the expertise and support that has been provided to Hallsville ISD. We are a 4-A school district in East Texas that has been experiencing steady growth over the past several years. After we passed our \$96 million bond issue we needed help in determining the best configuration for our two new elementary schools. We especially appreciate the expertise provided by Talal "Trip" Albagdadi and Lee Anna Munizza.

Throughout the entire process we have received excellent support and training. Lee was very supportive and always made us feel like we were the most important customer using ***School Planner***. Lee came to East Texas to provide some of the most comprehensive software training we have ever received. She continues to provide support and give us any help we need at any given time.

We have been very pleased with the powerful features of ***School Planner*** that have made the transition from one and two grade level campuses to dual K-4 campuses much more manageable. We plan to utilize the software year after year to manage our growth and plan for our third new elementary school. We look forward to our continued relationship with ***The Omega Group*** for many years to come.

Sincerely,

A handwritten signature in black ink that reads "Tim Brittain".
